## Color Profiles

Kodak provides an extensive range of color profiles and media configurations for **Matchprint Inkjet Media**, including international color standards such as FOGRA, SWOP and GRACoL. Visit Kodak at: [ecentral.kodak.com](http://ecentral.kodak.com) to access free downloads.

## Recommended Operating Conditions

- 18 to 27°C (65 to 80°F)
- 40 to 60% Relative Humidity (RH)

If material is stored outside these conditions, allow to acclimate for 48 hours before opening.

## Drying

All **Matchprint Inkjet** papers are formulated for rapid drying, though drying times will increase where temperatures are lower or humidity higher.

## Handling

- Avoid contact with image areas—handle instead by the edges. Dirt and oil from fingerprints can adversely affect image quality.
- Avoid direct contact with water or steam.
- Avoid high-humidity conditions.
